

## **The Danish Trade Council in North America seeks advisor for biogas**

The Danish Trade Council in North America is experiencing a tremendous interest from the US and Canadian market for services and technology within combined biogas and bioenergy and we are therefore seeking to expand the team with a dedicated advisor on biogas.

The role of the advisor will be to 1) Explore project opportunities in the US market and provide market intelligence for Danish companies. 2) Help Danish companies enter the US market. 3) Provide support on developing projects and match the demand with Danish capabilities.

The position includes a significant amount of travel within the US to engage with projects and stakeholders, as well as travels to Denmark to work with the Danish companies.

You will be measured on the ability to create value for the Danish companies.

Based at the Embassy of Denmark in Washington DC, you will be part of the fast growing Decentralized Energy Team as the sector expert for Biogas in North America. You will be working with team members in Washington, D.C., Chicago, Toronto and Silicon Valley.

### *Qualifications:*

- A Master's degree in engineering, business administration and/or other relevant experience with strong technical acumen
- A minimum of 3 years' of work experience with biogas, as a consultant or with a background in project development and/or management.
- Well-versed and familiar with the energy sector and with a broad professional network
- Fluency in English

### *Offer:*

The Trade Council of Denmark offers a local contract with salary and other conditions regulated according to the "House Agreement" of the Danish Embassy. You will be part of the dynamic American Energy & Environment team, with whom you will work closely. The position will be based at the Danish Embassy in Washington, DC.

The position is to be filled as soon as possible. The position is on a contract basis and initially offered for a 2-year period (with possible extension).

## **Application**

Interviews will be scheduled as relevant candidates apply and the position will be filled ASAP.

Please send your application (resume and cover letter) to [wasamb@um.dk](mailto:wasamb@um.dk) marked "Biogas Advisor". Applications without cover letter explaining your motivation will not be considered.

For any questions regarding this position, please contact Head of the Trade Department Lina Gandløse Hansen, [lingan@um.dk](mailto:lingan@um.dk) or Head of the Decentralized Energy Advisory, Jakob Bjerregaard, [jakbj@um.dk](mailto:jakbj@um.dk).

## ***About the Embassy/Trade Council of Denmark:***

*The Embassy of Denmark is a dynamic workplace that represents Denmark's political, commercial and cultural relationship with the United States. We are approximately 40 colleagues at the Embassy with a busy and professional workday. We need your expertise to grow the commercial services that we offer within the Trade Department, which is an integrated part of the global Trade Council in the Ministry of Foreign Affairs of Denmark.*

*The Trade Department consists of several different industry sectors with team members working together across the US at our various Missions. Our common goal is to introduce Danish technology and services to the US market, thereby increasing Danish exports.*

*The Trade Council is the governmental export and investment promotion organization under the Ministry of Foreign Affairs of Denmark. The organization comprises all governmental activities designed to promote Danish export and foreign investment in Denmark under one roof. Our purpose is to bring value to our clients in Denmark in terms of growth and job creation. For further information visit [www.usa.um.dk/en](http://www.usa.um.dk/en)*
